The prevention of infection is a major priority in all healthcare and everyone has a part to play.

- Please decontaminate your hands frequently for 20 seconds using soap and water or alcohol gel if available
- If you have symptoms of diarrhoea and/or vomiting, cough or other respiratory symptoms, a temperature or any loss of taste or smell please do not visit the hospital or any other care facility and seek advice from 111
- Keep the environment clean and tidy
- Let's work together to keep infections out of our hospitals and care homes.

Aftercare

When can I eat and drink?

You have been given local anaesthetic throat spray to numb the back of your throat. This reduces the function of your gag / swallow reflex. You are advised to wait until before you can eat and drink when the numbness will have worn off.

When can I take my usual medicines / tablets?

You may take your usual medicines later today and as normal tomorrow.

Special instructions:

.....

When I am at home how will I feel?

You may experience a mild sore nose and throat. This should subside within 24-48 hours and is nothing to worry about.

It is usual to feel a little bloated for a few hours as air has been put into your stomach, this will pass naturally.

What if I feel unwell at home?

If you have any of the following symptoms during the next 48 hours:

- Nose bleed
- Severe chest or abdominal pain
- Vomiting blood
- Nausea and vomiting
- A high temperature or fever
- Difficulty in swallowing other than because you have a sore throat

You must telephone for help and advice as indicated below.

Who do I telephone for advice?

If you had your procedure carried out at New Cross Hospital contact the Endoscopy Unit as follows: Monday-Friday, 8am-6pm, telephone 01902 694191 or 01902 695191.

If you had your procedure carried out at Cannock Chase Hospital contact the Endoscopy Unit as follows:

Monday-Friday, 8:00am – 6:00pm, telephone 01543 576736.

At all other times you should attend the Emergency department at New Cross Hospital (or your local hospital if this is nearer).

You should explain that you have recently had an Endoscopy and that you are experiencing symptoms as described above. If possible, bring your copy of your Endoscopy report with you, but do not delay if you cannot find this.

Please advise the Doctor in the Emergency department to inform the ward Gastroenterologist (9:00am – 5:00pm) or the on-call Gastroenterologist out of hours. It may be necessary for you to stay in hospital overnight.
